WEB DESIGN AND PROGRAMMING
ACCOMPLISHMENT REPORT

Name: <u>Emkie D. Legaspi</u>   Section: <u>2-IT4</u>

Group Number/ Project Title: <u>Group 8</u> / FoodSpot_CyrusGan

We detect several bugs in the system and work to address them during the midterm and final periods. Throughout this period, we refine the website by condensing certain codes, updating certain designs, and making minor tweaks here and there. We also successfully create documents that contain all of the information about the webpage we created. It has been a satisfying pleasure to be part of this project, which combines technological understanding, creativity, and careful planning.

Format: F-Family: Calibri(body) Size:12 Spacing:1.5
